Luminares Juniors - 80s Prom

On May 3, the Luminares Juniors held their annual benefit at The Emerson Theatre in Hollywood. Attendees enjoyed the opportunity to relive one of high school's crowning moments but this time to support eye research at Doheny. The fun evening included a silent auction and paddle raise that brought in over \$80,000 for Doheny.

ARVO

The 2014 meeting of The Association for Research in Vision and Ophthalmology was held in Orlando, Florida. Doheny alumni, physicians and staff as well as many ophthalmology leaders from across the United States and the world gathered on May 5 for our annual reception and paid a special tribute to Dr. Ronald E. Smith.

Doheny Days

The 45th annual Doheny Days Conference, a premier educational event for ophthalmologists, was held on June 20 and 21. The program included renowned leaders in the field of ophthalmology presenting on a range of topics covering the latest research and advances in eye care. Conference highlights included presentations by Dr. Bartly Mondino, the Doheny Memorial Lecturer and Dr. Joseph Caprioli, the Irvine Memorial Lecturer. The Doheny Professional Alumni Association bestowed a posthumous Lifetime Achievement Award to Dr. Ronald E. Smith for his contributions to the field of ophthalmology and vision research and his leadership of Doheny residents, fellows and faculty.

Residents' Dinner

Supported by Doheny's Professional Alumni Association, our annual Residents Dinner honors the ophthalmology residents Doheny faculty and alumni taught and mentored. Six residents completed the program at Los Angeles County+USC Medical Center. The future is bright for ophthalmology indeed!

Luminares Founders Tour

ON JUNE 23, MEMBERS OF THE LUMINAIRES, FOUNDERS JOINED STAFF OF DOHENY AND STEIN EYE INSTITUTE TO TOUR THE STEIN EYE FACILITIES IN WESTWOOD.

Planned Giving Luncheon

Doheny held its annual Planned Giving Luncheon at The Langham Huntington hotel in Pasadena on June 25. This event honors donors that have made generous planned gifts to Doheny through provisions in their estate plans.

Leber's

The annual Struggling Within Leber's event was held this April in Cleveland, Ohio. This year's fundraiser was another big success, raising much needed funds for Doheny's own, Dr. Alfredo Sadun's research on Leber's Hereditary Optic Neuropathy, a rare genetic disease leading to vision loss. Congratulations to sisters, Nancy Amantea and Marilou Puntel, for organizing the festivities that benefit such a worthy cause.
