## COLLABORATION FOR NEW OPPORTUNITIES

As medical professionals in the US and a responsible global citizens, there is a critical need to share our work and collaborate with other nations in an international effort to improve the quality of eye care everywhere.

At the 3rd Annual US-China Cornea Forum we welcome and promote communication as well as the exchange of ideas between Chinese and US cornea specialists.

We welcome you to join us for dinner and further our mission to share our knowledge of ophthalmic research and education in cornea and external diseases.
